

# Daniele Zago

Padova, Italy | [zagodaniele.9@gmail.com](mailto:zagodaniele.9@gmail.com) | [dedzago.github.io](https://github.com/dedzago) |  [orcid.org/https://orcid.org/0000-0003-0778-7099](https://orcid.org/0000-0003-0778-7099)

Date of birth: 9 May 1996

## WORK EXPERIENCE

<b>Data Scientist</b> <i>Optit S.r.l.</i>	Oct 2024 – Present <i>Bologna, Italy</i>
<ul style="list-style-type: none"><li>Research and development of routing algorithms for periodic clustered vehicle routing problems</li><li>Development of forecasting models for energy demand prediction</li></ul>	
<b>Teaching assistant</b> <i>Department of Developmental Psychology and Socialisation, University of Padua</i>	Oct 2022 – Dec 2022 <i>Padua, Italy</i>
<ul style="list-style-type: none"><li>Teaching activities: lectures on introduction to R programming and data analysis</li></ul>	

## EDUCATION

<b>University of Padua</b> <i>Ph.D. in Statistical Sciences</i>	Padua, Italy 2021 – 2024
<ul style="list-style-type: none"><li>Advisor: prof. Giovanna Capizzi; Co-advisor: prof. Peihua Qiu</li><li>Research topic(s): <b>online outlier detection</b> and <b>stochastic optimization</b></li><li>Thesis: “Advanced Statistical Process Monitoring using Simulation-Based Algorithms”</li></ul>	
<b>University of Florida</b> <i>Visiting research scholar, supervisor: Prof. Peihua Qiu</i>	Gainesville, FL, USA Jan 2023 – Dec 2023
<b>Istituto Nazionale di Fisica Nucleare and University of Perugia</b> <i>Thirteenth INFN International School on Efficient Scientific Computing</i>	Bertinoro, Italy Oct 2022
<ul style="list-style-type: none"><li>Efficient C++ programming</li><li>GPU programming with CUDA</li></ul>	
<b>University of Padua</b> <i>M.Sc. in Statistical Sciences</i>	Padua, Italy 2019 – 2021
<ul style="list-style-type: none"><li>Final grade: <b>110/110 cum Laude</b>, GPA: <b>29.5/30</b></li><li>Thesis: “Bayesian multiscale mixture models via Hilbert curve partitioning”</li></ul>	
<b>University of Perugia</b> <i>Summer school in Mathematics</i>	Perugia, Italy Jul 2020
<b>University of Padua</b> <i>B.Sc. in Statistics for Technology and Sciences</i>	Padua, Italy 2016 – 2019
<ul style="list-style-type: none"><li>Final grade: <b>110/110 cum Laude</b>, GPA: <b>29.2/30</b></li></ul>	

## CONFERENCE PRESENTATIONS

Sep 2025	<b>Invited talk.</b> <i>ENBIS-25 Conference</i>	<i>Piraeus, Greece</i>
Optimal constrained design of control charts using stochastic approximations		
Oct 2023	<b>Invited talk.</b> <i>2023 INFORMS Annual Meeting</i>	<i>Phoenix, AZ, USA</i>
Optimal constrained design of control charts using stochastic approximations		
Sep 2022	<b>Poster presentation.</b> <i>Statistical methods and models for complex data</i>	<i>Padova, Italy</i>
Profile monitoring based on adaptive parameter learning		
Jun 2022	<b>Poster presentation.</b> <i>2022 ISBA World meeting</i>	<i>Montréal, Canada</i>
Bayesian nonparametric multiscale mixture models via Hilbert-curve partitioning		

## AWARDS

2025	ENBIS Knowledge Fund, ENBIS 2025 conference	<i>Piraeus, Greece</i>
2022	Young Travel Award, ISBA 2022 conference	<i>Montréal, Canada</i>
2018	Mille e una Lode Award 2018 ( <i>top 3% of students</i> )	<i>University of Padua</i>
2017	Mille e una Lode Award 2017 ( <i>top 3% of students</i> )	<i>University of Padua</i>

### SKILLS

---

PROGRAMMING	Python, Julia, R, SQL, C++, C, SAS, bash
STRUMENTI	git, Google Cloud, Microsoft Office
LANGUAGES	Italian (native), English (fluent, C2), German (moderate), Spanish (moderate)
